

TRAILHEAD "WALKING THE CAMINO"

(words & music by Tobias Panwitz)

(capo on 1st fret)

Verse 1

She was walking the Camino where people form a trail of god
Doing forty-six K's a day, which to me seemed kind of odd
D Head full of knots
Slow down and take a rest I said, What are you running away from ?
Nothing at all, she said and hastened by and I could tell just where she came from

Chorus 1

And God was never far away
The sum of all the pilgrims along that way
With the freedom to be good
Granted only for a while
F As we well understood

Verse 3

And I tried to explain my religion to her
Take in beauty while beauty lasts and the two of us are here
Things disappear
She ignored what I said and she held on to that Bible in her hand
Picked up speed and I understood we would never understand

Chorus 2

And Jesus dwelled along that way,
cause we resurrected him every day
With the freedom to be good
Granted only for a while
F G
As we well understood

Chorus 1

God was never far away
The sum of all the pilgrims along that way
With the freedom to be good
Granted only for a while
As we well understood
a C D a
She was walking the Camino.
