

# TRAILHEAD "DOWN THE DRAIN"

(words & music by Tobias Panwitz)

Capo on 2<sup>nd</sup> fret

D F/D D F/D

## verse 1

D Five years going down the drain Dmaj7  
G Bm  
I'm so uncomfortably numb  
E G  
I can't even feel the pain  
D Dmaj7  
It's a common necessity  
G Bm  
Something everyone goes through  
E G  
No exception made for me

## chorus

G A Bm  
And my sleep's as dark as night  
G D  
No dream turns on a light  
G A  
And I'd give anything, even for a nightmare  
G A Bm  
Some subconscious mutiny  
G D  
But there's nothing left to face for me  
G A  
All my insides lay open and bare

## verse 2

Come let's waste the day away  
And while we're at it, tomorrow too  
It feels just like the thing to do  
If reality is what we see  
Then put your hands over my eyes  
And paint a picture with your lies

## chorus

Cause my sleep's as dark as night ...

## middle

Em  
And I'm wondering  
F# Bm A G  
Am I old now or just calming down  
Em  
Cause even one thing  
F# Bm A  
I still care for is hard to be found

D F/D D F/D

## Verse 3

I can walk for days  
Make it a month or a year  
Nothing much keeps me here  
This is how it once used to be  
But now I won't change a thing  
I just endure anything

## Chorus

And my sleep's as dark as night ...
