

# TRAILHEAD “YOURS AND MINE”

(words & music by Tobias Panwitz)

## verse 1

E                      G#m  
Watch the day    begin to shine  
C#m                      A  
It's yours and mine, yours and mine  
E                      G#m  
Watch the song revolve around a rhyme  
C#m                      A  
It's gonna be yours and mine, yours and mine

## chorus 1

A                      B                      E  
And who could tell how it begins  
A  
Hell if I know  
A                      B                      E  
You watch the birds return in spring  
A  
And off you go  
A                      B                      E    C#m  
You catch a spark it starts to sing  
F#                      B  
Right in your head

## verse 2

Watch the leafs turn brown in fall  
It's what they do, it's not up to you  
And you hear your mind's crazy call  
It's gonna get to you if you let it through

## chorus 1

And who could tell how it begins ...

## chorus 2

And do you really wanna know  
What it all means  
You wanna figure this one out  
Maybe in your dreams  
You write them down to make some sense  
Good luck my friend

## verse 1

Watch the day begin to shine  
It's yours and mine, yours and mine  
E                      G#m                      G#  
Watch the song evolve around a rhyme  
It's gonna be yours and mine, yours and mine  
It's gonna be yours and mine, yours and mine
