verse 1

C Em
River wide running out of water

F
And my boat has run aground
C Em
On the sand it turned into an armchair
F

With no exit road around
Am F C
And like the days in my life
Am F C
Trees are blocking my sight
Am F G
They used to pass me by

chorus

F G
And all my maps and charts
C Em
All the plans I made to follow simply disappeared
F G
And I'm lost, waiting for a bus
C
Waiting for a taxi or something
Em Bb Am C
To get me out of here - Oh

verse 2

You and I, we followed every shore line
And conquered every sea
Turned this world into a great illusion
Wherever we would be
We kept each other afloat
In the same old boat
Now I'll meet you down the road

chorus

And all my maps and charts
...
C Em
Waiting for a taxi or something to get me out of here

Middle

F Am
And oh, there's nothing like that river
G Am Am/G
Flowing below you, taking you away - hey
F Am Am/G
And you feel kind of cheated when it disappears on you
B
And you find you got to start walking some day

solo (like half verse)
