

## **Catch You**

words: Tobias Panwitz, music: Tobias Panwitz & Paul B. Keeves

So long, may you follow your own way  
And let's not break our heads  
If we meet again someday

Keep that lovely smile upon your face  
Your most precious gift  
You so freely give away

If you fall  
I'd do anything to catch you  
From it all  
I would never let you down

I know you've got something up your sleeve  
Just when I feel safe  
I lose the ground beneath my feet

And you're so safe and sound behind those eyes  
That I can't penetrate  
The just keep me hypnotized
