

## TRAILHEAD "PLASTIC BEADS"

(words & music by Tobias Panwitz)

G e C G

### Verse 1

I make you a bracelet out of plastic beads and parcel wrapping string  
It looks really cheap and I feel like a twenty year old with this thing

### Chorus 1

When it was easy  
Too easy to be true  
With eyes open wide and a dream of you  
And nothing much to do

### Verse 2

But take in the stories of the places and the freaks along the way  
They keep on returning like an echo with each compromise today

### Chorus 2

And oh you used to  
Look at me at night  
With eyes way greener on the other side  
Under a changing light

Solo (like verse) ||: G e C G :||

### Chorus 3

And oh it's easy  
So easy to ignore  
The landmarks you've already passed before  
When your feet get sore

G e C G

### Verse 3

So I keep my eyes fixed on the plastic beads and parcel wrapping string  
They look really cheap and I feel like a twenty year old with this thing  
At least there's another song to sing  
Anyway, There's another song to sing
