

TRAILHEAD "WON'T BE THE ONE"

(words & music by Tobias Panwitz)

(Capo on 3rd fret)

Verse 1

C
Sun's out to sing a song for me
G F C
I've got all that I could ask for in your pretty company
C a a/G F
As I offer you an ice cream and you thank me with a patch of the blue sky
G C
Caught in your left eye

Verse 2

And my eyes are tangled up within the hair around your neck
Like a river of sunlight that's flowing down your back
And it finds its way across your face and cheeks and down your breasts
And I feel something stirring in my chest

Chorus

F G
But I won't share your bed, dear
a a/G F C
In that house where the mountain meets the sea
F G
And when I tread the dust with my boot heel
a a/G F G C
You won't be the one that's following me

Solo C G F C C a a/G G F C

Verse 3

And I take you to the bridge across the railroad track
And point out to you the way the sun sets in the west
And I'm starting to inform you 'bout my future and my past
But you just smile and say, give 'em words a rest

Chorus

G
... following me

Middle

e C
Cos you're really something and I'm still an idiot
e C
With a heart that's moving 'cross the sea
e C
And whenever I feel your eyes upon me
F G
I'm looking at the life that I didn't chose to lead

Verse 4

Sun's out to sing a song for me
I've got all that I could ask for in your pretty company
And if one day we wake up and find we're walking separate paths
Then so be it, nothing's meant to last

Chorus (2 times)

And I won't be the one dear ...

(end:) ... You won't be the one that's following me
But that's not to say we can't make it last today
